A. PRESENTING ICPIC 2023

WELCOME ADDRESS FROM CONFERENCE ORGANIZERS

Dear Colleagues,

We are looking forward to welcoming you back to Geneva, Switzerland, for the 7th International Conference on Prevention & Infection Control (ICPIC), which will be held on 12-15 September 2023.

ICPIC has become the leading conference and a must-attend event for the global IPC community. Stimulating research & innovation, exchanging ideas and experiences remain at the core of our mission to prevent healthcare-associated infections and control antimicrobial resistance around the world.

It is time to get together with colleagues and old friends from all continents to discuss, grow and learn about tremendously important topics such as: IPC, antimicrobial resistance, devices-associated infections, quality of patient care, advanced methods in hospital epidemiology research and early results of major clinical trials in the field, the impact of the Covid-19 pandemic on health and health services, the economy and the society, improvement of prevention strategies using various implementation tools, as well as social media, telemedicine, and simulation models.

The nurses and allied health professionals' community is warmly welcome to the conference. Our scientific advisory board has designed symposia that are relevant to our nurse colleagues and address key challenges in their daily occupation.

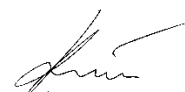

ICPIC will again collaborate with various international agencies and societies to mobilize even more world experts and key opinion leaders to share their knowledge and expertise, including (among others) the Centres for Disease Control and Prevention (CDC), the Society for Healthcare Epidemiology of America (SHEA) and the World Health Organization (WHO).

ICPIC keynotes, symposia, Pro-Con debates, free-papers and meet-the-expert sessions will continue, as will the unique and very popular ICPIC Innovation Academy and ICPIC Clip Award. While retaining the elements that led to the success of the first six ICPIC summits, and continue to boost the possibilities for exchange with your peers, we will surprise you again with new features, too.

We look forward to your active participation in the 7th ICPIC in September 2023, as well as to welcoming you to Geneva - please mark your calendars!

ABOUT GENEVA

Geneva enjoys a worldwide reputation as a conference city; it embodies the creativity of science and technology, a vigorous business sector, and has a special cultural appeal with unmistakable flair and charm. Geneva is an ideal destination with its central location in Europe, served by an excellent transport and communication infrastructure. Draped around the deep blue waters of Lac Léman, Geneva has grown wealthy and influential as the cultural and economic focus of French-speaking Switzerland. It is also an international city and home to many global institutions from the International Red Cross to the WHO!

Getting around

Geneva's centre is small enough to walk around. For the suburbs you will need to take a tram or bus. Daily passes are provided free of charge to Geneva hotel guests, courtesy of the Geneva Tourist Board.

Sight seeing

The Rhône river, boasting several bridges amongst which the historical Pont de l'Île, flows out of Lac Lemman to bisect Geneva's bustling centre. The Rive Gauche, south of the river, is the most active part of Geneva with a grid of waterfront streets comprising the main shopping and business districts. Behind, winding up the hillside, are the narrow, cobbled lanes of the Old Town, whose principal thoroughfare, Grand Rue, leads to the 17th century Hôtel de Ville and the arcaded armoury, backed by a lovely terrace. The streets around the Hôtel de Ville, with their quaint cafés, second-hand bookshops and art galleries, make for a pleasant stroll of discovery. Nearby is the Romanesque cathedral, a monumental edifice whose austere, lofty interior contains the beautiful, 15th century frescoes of the Chappelle des Maccabées. Among the city's several museums, the pick is the Art and History Museum (Musée d'Art et d'Histoire - 2, Rue Charles-Galland), which holds a massive archaeological collection, a selection of Swiss landscape painters and a magnificent altar-piece carved for the cathedral in the 1440s and moved here for safe-keeping. Finally, make a point of seeing Geneva's pride and joy, the dramatic 140-metre high Jet d'Eau, spouting high above the ornamental flowerbeds of the surrounding Jardin Anglais down by the lake.

Eating-out

With more than a thousand cafés and restaurants in the city, no-one could possibly say Geneva lacks gastronomic choice. From popular Rues-Basses cafés with all sorts of seafood, through to Thai restaurants, and the traditional stone-floored Old Town restaurants with a full range of Swiss dishes, Geneva is definitely worth a culinary tour.
